

**LIVE, LEARN, LAUGH & LOVE SURVEY**

*“It is psychologically impossible to hate someone with whom you have laughed.” - Melvin Helitzer*

Let's make this your paper - one you can read with your friends (or your family) to decide what you will do together!

**Tell us about the entertainment you want covered - if you like it, so do other people!**

Here's your chance to influence a paper by telling us the kind of entertainment you like.

If you think something is fun to do, tell us about it here.

The topics are numerous, and if your interest is not listed here, tell us about it anyway. We want to provide Mississauga with a comprehensive picture of everything offered within the city.

Please check the boxes that interest you.

Feel free to write a letter explaining your thoughts and include it in mailing the survey.

Again, if we overlooked something, please tell us.
